PROFILE

IT professional with hands-on experience across IT Management, Support and governance, risk and compliance (GRC). Led ISO 27001 certification from gap analysis through to a successful audit, alongside Cyber Essentials Plus. Strong technical foundation in Microsoft cloud security, now focused on security implementation and strategy work.

EXPERIENCE

IT Manager Sep 2024 - Jan 2026

CAPSLOCK EDU LTD (United Kingdom, Remote)

- Maintained and ran an information security management system (ISMS) and led the ISO 27001 certification from gap analysis to a successful audit, alongside Cyber Essentials and Cyber Essentials Plus.
- Led the IT function for a fully remote organisation, covering security strategy, risk management and vendor management.
- Owned the Microsoft 365 and Azure environment (Entra ID, Defender, Intune, AutoPilot) and its overall security posture.
- Led endpoint security across Windows, macOS, iOS and Android, including audits and log monitoring.
- Acted as senior escalation contact (1st to 3rd line) and delivered security awareness training across the organisation.

System Administrator Oct 2022 - Sep 2024

CAPSLOCK EDU LTD (United Kingdom, Remote)

- Managed Azure infrastructure and endpoint security (Entra ID, Defender, Intune, AutoPilot, Exchange).
- Carried out system audits, security reviews and log monitoring.
- Provided 1st to 3rd line IT support and documented technical processes.
- Achieved CompTIA Security+ and Azure Fundamentals (AZ-900); promoted to IT Manager in 2024.

Digital Content Creator & Project Manager May 2020 - Apr 2022

Self-employed

- Ran self-directed projects and brand partnerships with companies including Logitech, SteelSeries and Envato, producing content with millions of views.
- Managed client relationships, timelines and deliverables end to end.

Digital Project Manager & Web Server Administrator Mar 2018 - May 2020

Conceptai, Yeovil (United Kingdom)

- Led IT projects and managed client accounts.
- Administered web servers, domains and SSL certificates.

IT Support & System Administrator Aug 2016 - Feb 2018

Sherborne Girls School (United Kingdom)

- Provided 1st to 3rd line IT support and network security.
- Managed Active Directory, Windows servers and SCCM. Worked with DHCP, DNS, File Storage and Switching & Routing.

EDUCATION
